

Conference on PDE and Applications in Memory of Professor B. Yu. Sternin

November 6–9, 2018, Moscow, Russia

FIRST ANNOUNCEMENT

Peoples' Friendship University of Russia and Lomonosov Moscow State University are organizing International Conference on Partial Differential Equations and Applications in memory of Boris Sternin (1939–2017). Professor Sternin was a renowned mathematician who specialized in topics related to elliptic theory and partial differential equations and authored 17 monographs and over 400 scientific papers. He worked at mathematical research centers in Russia, France, Germany, Sweden, and United Kingdom.

The aim of the conference is to bring together leading specialists in the fields to which Professor Sternin contributed. We also expect his coauthors, coworkers, and friends to take part in the conference.

The conference will include the following sections:

- Asymptotic methods in problems of mathematical physics (Chair: S.Yu.Dobrokhotov)
 - Elliptic theory and noncommutative geometry (Chair: A.S.Mishchenko)
 - Complex theory of differential equations and its applications
 - Differential equations on manifolds with singularities (Chair: B.-W.Schulze)
- (The list is expected to be extended)
