He worked at mathematical research centers in Russia, France, Germany, Sweden, and United Kingdom.

The aim of the conference is to bring together leading specialists in the fields to which Professor Sternin contributed. We also expect his coauthors, coworkers, and friends to take part in the conference.

The conference will include the following sections:

- Asymptotic methods in problems of mathematical physics (Chair: S.Yu.Dobrokhotov)
- Elliptic theory and noncommutative geometry (Chair: A.S.Mishchenko)
- Complex theory of differential equations and its applications (Chair: Yu. S. Ilyashenko)
